October 1997

Ecological Restoration and Planning for Alang-Sosiya Ship-Breaking Yard, Gujarat.

Volume II Sectoral Report

Prepared by :

Gujarat Ecological Society
Vadodara

For :

Gujarat Ecology Commission

GERI Campus, Race Course Road, Vadodara 390 007, India.

Sponsored by :

Gujarat Maritime Board,
Ahmedabad

October 1997

CONTENTS

Geomorphic studies on the Bhavnagar-Gopnath coast overlooking the Gulf of Khambhat Gujarat by S.S. Merh	A1-A66
Impact of ship-breaking activities on floristic composition of the surrounding area by S.M. Pandya	B1-B38
Impact of Alang ship-breaking activity on water-sediment quality of the intertidal ecosystem at Alang-Sosya complex and surrounding areas by S.J. Pathak	C1-C30
Preliminary studies on microbial ecology of ship-breaking yard at Alang by Dr. Anjana Desai and Dr. Pranav Vyas	D1-D15
Microbiological studies by J.M. Trivedi	E1-E17
Ecology of intertidal macrofauna & literature review for marine biota by Anil Soni	F1-F52
Studies on coastal fauna by Dr. A.K. Dholakia	G1-G20
Study of recent benthic foraminifera for evaluating environmental stress in and around Alang ship-breaking yard (Ghogha-Gopnath Sector) off Saurashtra coast, Gujarat. A case report by S. Majumdar	H1-H44
Studies on off-shore areas by Shri N.K. Mehta	I1-I33
Socio-economic study of Alang shipbreaking yard by Dr. K.K. Khakhar et al.,	J1-J46
An awareness package for sustainable development in ASSBY area by Vidyut Joshi	K1-K10

Geomorphic Studies on the Bhavnagar-Gopnath Coast Overlooking the Gulf of Khambhat, Gujarat

by S. S. Merh

LIST OF TABLES

Table 1.	Stratigraphy of Cambay Basin	A3
Table 2.	Stratigraphy of the Bhavnagar-Ghogha coastal segment	A4
Table 3.	Characteristics of the stream longitudinal Profiles	A10
Table 4.	Hydrogeological Conditions in the coastal segments	A12
Table 5.	Chemical quality of Ground water	A13
Table 6.	Total bulk weight of suspended sediments in tidal water at different locations in different seasons	A33
Table 7.	Clay Mineralogical Percentages In Suspended Sediment	A36

LIST OF FIGURES

Fig .1	Location	A38
Fig .2	Location of Gulf vis-à-vis continental shelf	A39
Fig .3	Rainfall	A40
Fig .4	Wind direction and temperature variation	A41
Fig .5	Communication	A42
Fig .6	Geological map	A43
Fig .7	Schematic cross-section across the gulf	A44
Fig .8	Tectonic framework of Cambay basin	A45
Fig .9	Drainage	A46
Fig .10	Piper's Trillnear Diagram	A47
Fig .11	Schematic diagram showing sweet water mound created by surface storage	A48
Fig .12	Coastal landforms	A49
Fig .13	Landforms of Piram island	A50
Fig .14	Location of mud samples	A51
Fig .15	Grainsize distribution of mudflat deposits	A52
Fig .16	Bathymetry of the gulf	A53
Fig .17	Bathymetric profile of the gulf of bottom	A54
Fig .18	Rhythmic linear ridges outside the gulf	A55
Fig .19	Tidal amplitude at different locations	A56
Fig .20	Macrotidal coast postulated by Hayes	A57
Fig .21	Generalised tidal current paths.	A58
Fig .22	Seasonal variation in size fraction of suspended sediments	A59
Fig .23	Triangular diagram of seasonal grainsize variation of suspended sediments	A60
Fig .24	Seasonwise distribution of clay minerals in the suspended sediments	A61

LIST OF PLATES

Plate 1	Ship-breaking yard at Sosia-Alang	A62
Plate 2	Shoreline view from Hatab Bungalow	A63
Plate 3	Shoreline at Ghogha' rocky platform with a veneer of mud	A63
Plate 4	Tidal creek at Bhavnagar	A64
Plate 5	Thermocol pieces at Gopnath drifted from Alang	A64
Plate 6	Rocky intertidal platform and a cliffy dissected milliolute dune (Gopnath)	
Plate 7	Upstream view of Shetrunji river from the road bridge	
Plate 8	Mathawada shingle beach with a sandy ridge material at Mathawada	A65
Plate 9	Subangular to sub-rounded shingle beach material at Mathawada	A65
Plate 10	Shetrunji river mouth at Saltanpur	A66

CONTENTS

Part - I General Background

1	INTRODUCTION	A1
2	GEOLOGY	A2
3	DRAINAGE	A8
4	HYDROGEOLOGY	A11

Part - II Geomorphology

1	LANDFORMS	A16
2	COASTAL DEPOSITS	A18
3	SHORELINE MORPHOLOGY	A20

Part III Offshore Data on Gulf of Khambhat

1	GENERAL ASPECTS	A27
2	TIDES AND WAVES	A29
3	CAUSES OF HIGH TIDES	A31
4	TIDAL SEDIMENTS	A32
5	TIDAL CURRENTS VIS-À-VIS SUSPENDED SEDIMENTS	A34
